Amy,

Thanks for the conversation this morning and for the follow-up information.

Are you anticipating that DNR may be submitting a proposed clean data determination for Jefferson County? If so, do you know when that would be submitted and how we would find out about it?

Thanks again.

Maxine

Maxine, per our conversation, I'm following up status of the Jefferson County Missouri nonattainment SIP.

The state of Missouri submitted the plan on June 5, 2015.

As of December 5, 2015, this SIP is complete by operation of law.

If you should have further questions, please feel free to contact me or Mike Jay.
